

# Williams County Economic Development Corporation

## January 2021 Member Update

### Message from the Executive Director

2020 has taught us many things, but one of the most critical is how important it is to stay connected and informed with reliable information. Throughout the year WEDCO has sent many updates to our members to share reliable information, but one way we'd like to improve is by sharing regular Monthly Membership Updates. These updates will highlight our members, available properties, programs, and community information. For years, our goal has been to keep Williams County connected and informed and we hope this will assist in our efforts to effectively do so. As always, please reach out to our office any time to connect.

*Megan Hausch, Executive Director*

### PPE Available & COVID Resources

Williams County EMA has provided WEDCO with masks to distribute to businesses and organizations throughout Williams County. **If your organization needs disposable masks, please contact Keira Grandey at WEDCO, [office@wedco.info](mailto:office@wedco.info).** Many thanks to Williams County EMA for making this possible.

The Williams County Health Department has developed community talking points in an effort to provide useful information as we work together to prevent COVID-19 spread in our community. If you would like to receive email updates from the Williams County Health Department, [please subscribe here.](#)

### 2021 Wage & Benefits Survey Coming Soon!

WEDCO is partnering with the four-county area Economic Development offices and OhioMeansJobs offices (Williams, Defiance, Fulton, and Henry counties) to implement a Wage & Benefits Survey in 2021. The survey will be industry specific to best serve members of the economic development organizations. The anticipated release date is March 1, 2021.  
*More information to come soon.*

### Community Corner: High-Five to Thrive

The "**High-Five to Thrive**" campaign is focused on recognizing individuals, businesses, and other entities actively making a positive impact in our community. The goal is to draw attention to these positive actions, create a visible reminder of these acts, and to encourage additional positive acts. To make this a success, we need your help! [Click here to learn how you can get involved.](#)

#### Our first #HighFivetoThrive goes out to our WEDCO Membership!

Without your loyalty and support we would not be able to continuously represent Williams County on a number of boards and commissions, provide our members with opportunities to participate in events and programming, or provide information and resources to businesses in Williams County. We are truly grateful for the Williams County Business Community and all of our partners in economic development. Thank you!
